Re: Withdrawal as counsel from *State of Oklahoma v. Johnson & Johnson, et al.*,
Case No. CJ-2017-816

Dear General Hunter:

As we have discussed, I am writing this letter to memorialize my withdrawal from *State of Oklahoma v. Johnson & Johnson, et al.*, Case No. CJ-2017-816 (“Opioid Lawsuit”). Attached is a Motion for Withdrawal for filing with the Cleveland County Court.

It has been a great honor to represent the State of Oklahoma in the Opioid Lawsuit. Thank you for that privilege. I was pleased to be able to lend my services in the development of the legal strategy for the initial filing and phases of the Opioid Lawsuit and to assist in the communication between several state agencies. And I am proud to have participated in negotiating the settlement agreements amounting to \$335 million in benefits to the State of Oklahoma. Having previously participated in another historic Oklahoma settlement agreement regarding water rights, I was honored to once again have a chance to work for the people of Oklahoma. I could not be more proud to have served alongside the incredible team fighting for such a worthy cause.

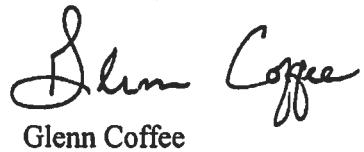

Now that the Opioid Lawsuit has reached a litigation phase, I believe it is in the best interests of the State that the skilled lawyers from Whitten Burrage, Nix Patterson, and your own office continue in prosecuting the case without my involvement. While I was happy to use my skillset in assisting the State, the pretrial activities have come to a close. The State is in excellent hands with Judge Michael Burrage, Reggie Whitten, Brad Beckworth, and the entire team leading the cause. Additionally, Abby Dillsaver and other members of your team have done exemplary work throughout the process.

I am honored to have had the opportunity to play a small role as a counselor and advisor in this historic lawsuit. As we have discussed, we all hope that these funds will assist Oklahomans affected by addiction to have a brighter future. As I have worked alongside Oklahoma’s recovery community through the course of the Opioid Lawsuit, I have learned a great deal about the fine

work being done in fighting addiction and the great deal of work left to be done. I have been especially impressed with Hope Is Alive—a charity dedicated to “radically changing the lives of drug addicts, alcoholics, and those who love them” through its mentoring homes. I will be contributing to its fine work, and I hope other Oklahomans, who have been watching this case with great interest, will consider doing the same.

Thank you again for you and your office’s tireless work battling this terrible epidemic. I am truly honored to have had the opportunity to work with the legal team on this historic and important case.

Very truly yours,
